STOCKS

● The BSE stock quotations followed by trailing 12 months P/E and high/low prices in the preceeding 52 weeks are given.

● P/E is the ratio of the closing share price to the earnings per share or EPS.

IFCI welcomes government move

BY OUR CORRESPONDENT

CHENNAI

Feb. 19: Financial institution Industrial Financial Corporation of India (IFCI), which has 17.4 per cent equity stake in Maytas Infra, on Thursday welcomed the government's decision to move the Company Law Board (CLB) to supersede Maytas Infra board, suggesting that reconstitution of the board is an absolute requisite for the company to avoid any crisis of confidence. "The present management would not be in a position to carry on, in the current circumstances. It is facing a crisis of credibility both from the lenders and the clients. The company has already seen a few of its projects cancelled. The present board must first get its name cleared and for that time duration the board must be reconstituted," pointed out Mr Atul Kumar Rai, CEO and managing director, IFCI.

The ministry of corporate affairs, on February 17 had filed a petition with the company law board to sack the existing board of directors of Maytas Infra and sought to nominate government directors. Maytas Infra has decided to contest the petition, which comes up for hearing on February 24.

Mr Rai further added that IFCI is competent enough, if offered to manage the affairs of the company. "We are a public financial institution and will take care of the concerns of the shareholders. But being a minority stakeholder, it is up to the board and the government to decide, whether we should be offered a seat. However, as per the good practices, any institution having more than 10 per cent stake in the company is offered a board seat," he said. IFCI has been holding 17.4 per cent stake after shares were transferred via invocation of pledged shares. The company has been having exposure to Maytas since October 2008.

Talking about the way forward for Maytas Infra, he said, "Maytas must firstly clear its links with Satyam, to avoid any crisis of confidence. Then we need to determine the manner in which the company has to be run, be it through a new management or a strategic investor." He added that the company would not try to dilute its stake in Maytas in the near future.

"A responsible institution at this point of time should not look to do anything adventurous that would add to the volatility and uncertainty in the company." he said.

> Maytas must firstly clear its links with Satyam, to avoid any crisis of confidence. Then we need to determine the manner in which the company has to be run, be it through a new management or a strategic investor.

Gopinath to set up cargo hub

BY OLGA TELLIS

MUMBAI

Feb. 19: Capt. G.R. Gopinath, founder of Deccan Cargo & Express Logistics is putting up a central warehousing logistic hub in the multi-modal international passenger and cargo hub at Nagpur Airport.

He has signed and MoU with the Maharashtra Airport Development Authority (MADC) for the same. Talking to this newspaper Capt. Gopinath said that planes from all over the country can come at night and load and unload their cargo."The airport authority he said would hand over the airport to the MADC on Sunday. He would be investing Rs 400 crore over five years.

IFIN enters retail broking

BY OUR CORRESPONDENT

CHENNAI

Feb. 19: Institutional broker, IFCI Financial Services (IFIN), a subsidiary of Industrial Financial Corporation of India (IFCI) on Thursday announced its entry into the retail broking space and will be establishing a network of branches and sub-brokers across the country.

Speaking to reporters at the inauguration of the company's corporate office in Chennai, Ms Chandra Ramesh, managing director, IFIN said, "The company will be setting up branches across the 15 biggest cities in the country and would further expand its network to the other smaller cities through sub-brokers within the next few months." IFIN has been sanctioned a debt of Rs 36 crore by IFCI for this expansion. The company, which has been operating in the institutional broking segment for the past seven years, is estimating a turnover of Rs 4.5 crore for the current fiscal, and expects to reach a turnover of Rs 35 cr.

Frontier all set to expand biz

BY OUR CORRESPONDENT

CHENNAI

Feb. 19: Frontier Business Systems, an IT infrastructure solutions and service company, is planning to expand its virtualization business in India.

"Presently, most of the servers are utilised up to 5- 7 per cent. With our virtualization solution, server utilization can be increased to 7 per cent to 80 per cent and this will benefit the companies immensely on the cost front," said Mr S. Arunachalam, business head, Frontier Business Systems. The company has set up a green facility in Bangalore with an investment of about Rs 20 crore to support its expansion in virtualization business and added 200 professionals on its role. The company has recently, added virtualization consulting and services across entire spectrum of servers, storage, network and application platform to expand its business.The Bangalore-based company has 15 years experience in design, delivery, and deployment.
